FEATURES

INTENDED USE

Ideal for applications where electrical power cannot be provided.

CONSTRUCTION

- Tritium filled gas tubes require no electrical input.
- Universal directional indicators and mounting (canopy included).
- Completely-sealed lamp compartment.
- Polycarbonate or aluminum frame with aluminum faceplate.
- Explosionproof/hazardous location.
- Suitable for wet locations.
- Tamperproof mounting hardware.
- Optional vandal shield suitable for low-level applications.

LAMPS

- Tritium filled gas tubes require no electrical input and are rated for 10 or 20-year life.
- No energy consumption.

INSTALLATION

- Universal (top, end or back) mounting.
- Mounting hardware included.

LISTING

UL listed. UL listed for low-level applications with VR option. Meets UL 924, NFPA 101 (current Life Safety Code), NEC and OSHA illumination standards, and State of Minnesota energy-efficiency legislation requiring less than 20W consumption.

AA option suitable for use in Class I, Div. I, Groups C & D.

WARRANTY

Three-year total customer satisfaction warranty (varies with luminous life option chosen). For details, see Product Selection Guide.
