# DC-AP-REM

HEAVY DUTY OUTDOOR/INDOOR DIE CAST EMERGENCY LIGHTING  
REMOTE FIXTURE

ARCHITECTURAL SERIES

DC AP REM

## GENERAL DESCRIPTION

The Astra Path Series emergency unit is available in an array of different finishes that allows itself and the rest of this family of high-end emergency products to accentuate any custom interior design.

## HOUSING

Die cast aluminum construction with powder-coated finish provides style and durability for any application.

## ILLUMINATION

Two 6 volt, 6 Watt Integral bi-pin xenon lamps (standard) provide more than 1fc in at least 2 points on floor (as required by UL 924) as well as superior color rendering capabilities. See options below or consult factory for specific requirements.

## ELECTRONICS

Integral 6V (or optional 12V) xenon lamps are powered by external DC supply. Supply "on" times may vary depending on the wattage rating of the source. Wet Location applicable.

## CODE COMPLIANCE

Tested and Listed by ETL to meet UL 924 for wet location, meets or exceeds NFPA, NEC, and OSHA illumination standard.

## WARRANTY

5 years on housing.
