6 or 8 Inch Galvanized Steel LED Exit Sign

GENERAL DESCRIPTION

The Astralite Galvanized Steel exit sign ST-GAL model is the definitive combination of strength and durability. This attractive alternative to the standard painted steel exit sign will add style to any architectural design.

HOUSING

The ST-GAL model is only available in Universal mount. Three coats of clear sealed lacquer coating are applied to the housing and matching mounting plate to ensure longevity and protection from discoloration and oxidation.

FEATURES

Galvanized steel clear lacquer coated faceplate provided with 6" OR 8" letters with directional chevron knockout. Special wording avail (Consult Factory) option SW.

ILLUMINATION

Long lasting high output AlInGaP LEDs with minimum degradation over life of the LEDs. Exit draws less than 3 Watts. Rated life 10 plus years.

ELECTRONICS AND BATTERY

Input is dual volt standard 120/277 60 Hz. Unit is damp location listed 50°-104°F (10°-40°C). Battery backup Option features solid state design with low voltage disconnect, AC lockout, brown out protection, and AC indicator LED with test switch. Battery is maintenance-free Nickel Cadmium with an estimated service life of 7 years.

CODE COMPLIANCE

Tested and Listed to UL 924 for damp location, meets or exceeds NFPA, NEC, and OSHA illumination standard.

WARRANTY

5 years on housing and electronics with a 7 year pro rated warranty on battery.
