TIF (Emerald) Special Plated Alloy Cold Cathode Recessed Edge Lit Exit

DIMENSIONS

GENERAL DESCRIPTION

A brilliant combination of superior performance and aesthetics, the Cold Cathode (Fluorescent Lamps) Edgelit Exit sign provides a solution for the upscale application. Uniquely crafted from Special Alloy, the TIFF collection is flexible enough to meet all of your stringent mounting requirements with all of the options necessary to facilitate life safety in the event of power loss.

HOUSING

Rigid Galvanized steel back box recesses into any ceiling or wall application complete with all necessary mounting hardware. The trim plate is machined and hand crafted from a solid Alloy casting. A Choice of Gold or Silver plating is available. CAD-24 Caddy bars are included to ease installation in drop ceilings.

PANEL FACE

Tempered Glass face uniquely contoured with diamond cut beveled edges offers White Etched lettering and chevron configurations. Custom signage is also available. (Consult Factory).

ILLUMINATION

Bright White even illumination enhances the beauty of the design via low maintenance long-life cold cathode lamping with an estimated life expectancy of 5 plus years.

ELECTRONICS

AC only and emergency operation options available. Provides 90 minutes of illumination upon loss of power. Emergency operation units provided with solid-state design with low voltage disconnect, AC lock-out, brown out protection, and AC indicator test switch. Battery is sealed maintenance free Nickel Cadmium with an estimated service life of 7 years. Circuitry is constant current design and recharge time is less than the required UL 924 standard. All units draw less than 10 watts.

CODE COMPLIANCE

Tested and listed to UL 924. Meets or exceeds NAPA NEC and OSHA illumination standards.

WARRANTY

5 years on housing and electronics with a 7 year pro rated warranty on the battery.
