DCA 100 Die Cast MR 16 Halogen Emergency Unit

DCA-100

DIMENSIONS

GENERAL DESCRIPTION

The Light Style™ DCA Series brushed aluminum MR16 fully adjustable 2 head emergency unit provides a sleek profiled design unlike any other available in the industry. Different finishes are available to lend itself and the rest of this family of high end exit and emergency products to accentuate any custom interior design where Style is the difference. Mounts in minutes to any 3-1/2-4" octagonal box or 4" square.

HOUSING

Die cast rugged construction brushed aluminum finish provides style and durability for any application. Telescoping fully rotatable heads provide 360 degrees adjustability to accommodate all aiming requirements from any location. Optional matching remote heads available.

ELECTRONICS & BATTERY

Dual Voltage 120/277 VAC input facilitates the fully automatic Solid State charging system which features (LVD) Low Voltage Disconnect, AC lockout installation and brown out protection and AC indicator LED light standard. The maintenance free sealed lead calcium battery provides a minimum of 90 minutes of illumination in emergency mode with an average life of 5 years. Optional Nickel Cadmium battery also available.

ILLUMINATION

2 6V 5-watt MR-16 halogen lamps provide more illumination than required by UL 924. Provides 90 minutes of illumination upon loss of power. Higher wattage lamps are available. See options below or consult factory for specific requirements.

CODE COMPLIANCE

Tested and Listed to UL 924 for damp location, meets or exceeds NFPA, NEC, and OSHA illumination standard.

WARRANTY

5 years on housing and electronics with a 5 year pro rated warranty on battery.
