### FEATURES AND BENEFITS

- Following AC power failure, cover doors open instantly and provide emergency lighting to area required with automatic retraction when AC power is restored
- Doors are operated automatically using a spring and solenoid system with a magnetic latch for years of worry-free operation
- Flush fitting cover doors feature internal reflective surfaces to maximize light output
- Cover doors may be field color matched, textured or even wall papered to blend into any interior - When closed in normal-mode, the unit is almost invisible
- American Recovery and Reinvestment Act (ARRA) compliant (with USA option)

### SPECIFICATIONS

- Illumination: 2 x 9W MR16 fully adjustable LED lamps
- Housing: Galvanized steel back box with aluminum doors and lamp housing
- Input: 120/277VAC input
- Battery: Maintenance-free lead calcium or NiCad batteries
- Run Time: 90 minute emergency run time, 24 hour recharge time
- Electrical: Includes Guardian Self-test/Self-diagnostics standard (G2)
- Mounting: Universal wall or ceiling mount
- Finishes: White (Custom colors available, consult factory)
- Options: CC = Custom Color  
 DR = Damp Location Rated  
 USA = Meets Buy American Requirements
- Certifications: cETLus Listed
- Warranty: Any component that fails due to a manufacturing defect is guaranteed for three years with a separate three year prorated warranty on the battery. The warranty does not cover physical damage, abuse or instances of uncontrollable natural forces. See the full Exitronix warranty document for detailed information. (Terms and conditions apply)

**ORDERING INFORMATION Example: S-NC-18-2-DR**

Series	Power	Wattage	Battery Run Time	Options (Factory Installed)
S = Stealth	NC = NiCad	18 <sup>1</sup> = 9 Watts x 2	2 = 2 Hour	CC = Custom Color
	WB = Sealed Lead Calcium		Blank = 90 Min	DR = Damp Location Rated
				USA = Meets Buy American Requirements
<b>Notes</b>			<b>Accessories<sup>2</sup> (Field Installed)</b>	
<sup>1</sup> 18W unit provided with 2 12V, 9W MR16 LED Lamps			RTP = Remote Test Panel	
<sup>2</sup> Order as separate line item			STLRFK = <a href="#">Stealth Retrofit Kit</a> for previously installed Stealth housings	

**CONSTRUCTION**

The Stealth LED Series is constructed of a galvanized steel back box with aluminum doors and lamp housing. Doors are operated automatically using a spring and solenoid system with a magnetic latch for years of worry-free operation.

**ILLUMINATION**

Illumination of the Stealth LED Series is accomplished utilizing two high-intensity, long-life fully adjustable 2 x 12V/9W MR16 LED lamps. Metalized reflectors deliver maximum light to total path of egress and 60,000 hours of lamp life.

**ELECTRICAL**

**Input**  
Dual-voltage input 120/277VAC

**Sealed Nickel Cadmium Battery - NiCad (NC)**

Extronix nickel cadmium batteries are maintenance-free.

**Sealed Lead Calcium Battery (WB)**

Extronix sealed lead calcium batteries are maintenance-free.

**Guardian Self-Test/Self-Diagnostics (Standard)**

The Guardian circuit continuously monitors the operating condition of the AC power, battery supply voltage, emergency lamp continuity and charging circuit.

The purpose of this option is to provide visual signaling in response to a fault at the emergency units battery and/or battery charger. If a failure is detected, visual status will occur immediately via the multicolor LED. The LED will remain in this state until the fault is corrected.

The Guardian circuit also monitors the transfer circuit as well as performing automatic code compliant testing. The Guardian circuit will perform a discharge and self-tests in accordance to NPPA101 specifications.

**OPTIONS**

**Damp Location Rated (Option DR)**

Damp Location Rated fixture that is normally or periodically subject to condensation of moisture in, on or adjacent to, and includes partially protected locations.

**Assembled in the USA (Option USA)**

Can be produced or transformed to comply with the American Recovery and Reinvestment Act of 2009 (ARRA) requirements and Buy American provisions.

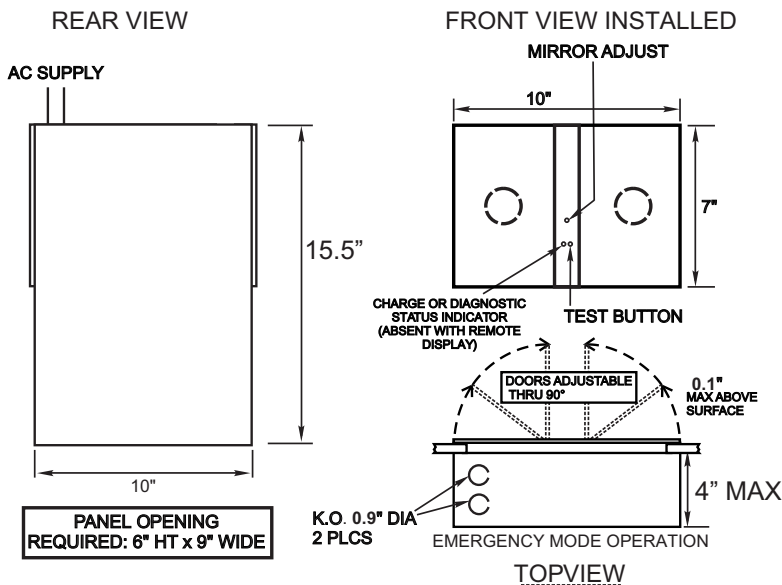

**Remote Test Panel (Accessory RTP)**

Diagnostic display by multicolor LED or full function alpha numeric display.

**CONFORMANCE TO CODES & STANDARDS**

The Stealth LED Series is cETLus listed and meets or exceeds the following: UL 924, NEC requirements and NFPA 101. American Recovery and Reinvestment Act (ARRA) compliant (with USA option).

**MOUNTING DATA AND DIMENSIONS**

Specifications are subject to change without notice. Installation must be performed in accordance with Barron Lighting Group installation instructions.
